Bob Cratchett and young Tiny Tim,
they were both poor but happy.
'Twas Christmas morn',
and present time for the little chappie.

"I know you love your footie", says Bob,
"though you limp is getting badder.
So after saving many months,
I bought this piggy's bladder".

Tim gazed up at honest Bob,
his eyes sparkled with light,
"But I wanted Sensible Soccer,
Dad. Oh why are you tight?"

Conrad sat on Santa's knee, his gun upon his lap,
"You are an alien agent, so why not cut your rap!"
"But I am father christmas" the old man did protest,
But Conrad shot him anyway, in a beautifully animated
Rotoscope™ sequence that's made Flashback the most
eagerly awaited SNES game yet.
